Summary

All members were present at the weekly meeting on Tuesday, January 19th in 0001 Carver from 2:10-4:00 PM.

This week we determined the different roles of each team member. We also got all of each other's schedules and Ashlyn Freestone will be putting together an online calendar that everyone will have access to view and see what the availability of the other teammates are. We also were not assigned an advisor, so Cameron Cornick is meeting with some different professors to find one that will be willing to advise our project.

Accomplishments

- Assigned our project, A Voice for Autism (DEC1606).
- Chose roles for each of the team members.

Pending Issues

We currently do not have an advisor.
