Summary

All members were present at the weekly meeting on Wednesday, March 10th in 3138 Coover from 6:00-7:00 PM.

This week in our weekly meeting we collaborated and discussed our design document, bringing all different aspects of the project together. We also had a short discussion on getting our parts in for the first prototype.

Accomplishments

- Finished Design Document, first version
- Zach spent time learning AutoCAD.
- Start to set up the Github environment (a web-based repository hosting service).

Comments and extended discussion

Below is an image of a phone case, what Zach learned to make in AutoCAD. We will be making some kind of case for our project.

Objectives

- JJ plans to get the application interface next week.
- If are parts come in this week, we would like to at least get started making the first prototype.
- Next week we will be having a meeting with our client.
