Summary

All members were present at the weekly meeting on Wednesday, March 23rd in 3138 Coover from 6:00-7:00 PM.

This week in our weekly meeting we got to look at the parts that we had gotten in the day before. We got to see more about how our first prototype will look like. We also discussed the assignments coming up in the following few weeks that we will need to be doing and how we can improve them.

Accomplishments

- Yiru worked on programming library document reading and Android UI creating
- Zach has been working on the design for prototype B
- JJ has been improving the website and has finished implementing UI for application

- Cameron, Ashlyn, and JJ spent time over the weekend working with the parts that we got in this week
  - Connecting the parts and trying to get communication between the raspberry pi, computer, and touch screen
